### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John Heal on September 15, 2005.

The application has been amended as follows:

In claim 9, last line, the phrase - - ; wherein the catheter is configured to advance the anchors radially outward from the catheter, through the patch, and into tissue surrounding the tissue opening - - has been inserted after the word "anchors".

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest, *inter alia*, a device for deploying a patch for covering a tissue opening wherein the catheter is configured to advance anchors radially outward from a catheter, through a patch, and into tissue surrounding the tissue opening.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
